PROFESSIONAL SUMMARY

Results-driven Frontend Developer with **3+ years** of experience building scalable, high-performance web applications using **React.js**, **Next.js**, and modern **JavaScript (ES6+)**. Skilled in responsive UI development, performance optimization, and **RESTful API integration**.

SKILLS

Frontend Core: React.js (Hooks, Context API, Router), JavaScript (ES6+), HTML5, CSS3, Next.js, Responsive Design

Backend & Database: Node.js, MySQL, Java 8, SQL, RESTful APIs

Tools & Platforms: Git, GitHub, JIRA, VS Code, IntelliJ IDEA, Google Cloud Platform, Eclipse, Windows

Other: SDLC, Agile Methodologies, JSON, XML, Networking, Jest, React Testing Library

EXPERIENCE

Infosys Limited | Senior System Engineer **Mumbai, India**

Infosys Recruitment Portal – Internal Employee Application *Oct 2022 - Present*

- Engineered a scalable multi-role recruitment portal using **React.js (Hooks, Context API)** improving UI performance and usability by **25-30%.**
- Built reusable component-based architecture and integrated **REST APIs (Java + MySQL)**, reducing development time by **20-25%** and improving data handling efficiency.
- Optimized application performance using techniques like **lazy loading and efficient state management**, reducing page load time by **30-40%.**
- Implemented **code splitting and lazy loading** to improve performance and reduce bundle size.
- Collaborated in Agile teams using **Git and JIRA**, contributing to sprint planning and achieving **95% on-time delivery.**

Wipro **Mumbai, India**

Project Engineer Intern *Mar 2022 - May 2022*

- Developed and supported a **student management system using Java**, improving data handling efficiency by **20%.**
- Identified and resolved **10+ bugs**, enhancing system stability and overall performance.
- Collaborated with team members to deliver project modules on time, ensuring **100% task completion within deadlines**.

PROJECTS

React-Meetup-App **Mumbai, India**

Personal Project *Oct 2023 - Nov 2023*

- Built a dynamic single-page application using **React.js (Hooks, React Router)** improving user interaction and navigation efficiency by **25%.**
- Integrated **Firebase Realtime Database** for real-time data handling, ensuring faster data updates and reducing latency by **30%.**
- Designed a responsive, performance-optimized UI with clean component architecture and efficient state management, enhancing user experience across devices by **20%.**

EDUCATION

University of Mumbai **B.E. in Information Technology | CGPA 8.05/10** June 2018 - May 2022

ACTIVITIES AND LEADERSHIP

NSS – Social Worker **Mumbai, India**

Volunteered in college NSS Unit, extending a helping hand by assisting at an adopted village (Mograj) *Jun 2019 - May 2021*

CodeOs Student Community **Mumbai, India**

Led diverse events including hackathons, web development and Python bootcamp. *Aug 2021 - Sept 2022*
